Hello, this is _____ with United Way of Lane County (or calling on behalf of United Way of Lane County). We are calling a random sample of households in Lane County to ask your opinion in helping us define local human service needs and determine how to improve programs that build a healthy community. **I assure you we are asking only for opinions - we are definitely not asking for a donation.** Would you please be willing to talk with me for a few minutes to share your opinions about needed services in your community? You will be providing very valuable input. Your responses will be used confidential and you will not be called back by United Way.

1A I'm going to read a list of needs that sometimes occur in households. As I read each one, please tell me how much of a problem it has been in your household in the last 12 months.
